Çiftçiler Birlik Kağıtçılık A.Ş.: A Pioneer in Reliable and High-Quality Hygiene Products Founded in 1999, Çiftçiler Birlik Kağıtçılık A.Ş. continues its operations as one of Turkey's leading companies in the hygiene and personal care industry. The facility, located on a vast area of 100,000 m², includes 25,000 m² of indoor production space. Equipped with modern technology and sustainable production methods, the facility stands out with its wide range of products and high-quality standards. The company's main product categories include patient care products, baby care products, hygienic paper products, wet wipes, moist toilet paper, and personal care products. With a product portfolio designed to meet consumers' daily hygiene and care needs, Çiftçiler Birlik produces over 400 different products, catering to a wide range of customers. Çiftçiler Birlik Kağıtçılık distinguishes itself not only through its extensive product range but also through its meticulous attention to production processes and commitment to high-quality standards. The company has successfully obtained ISO and GMP (Good Manufacturing Practices) certifications, ensuring that its production processes comply with international standards. As a result, the company has gained a reputation for reliability and quality in both domestic and international markets. Behind the company's success is a team of 250 experienced and skilled employees. Each staff member is equipped with the knowledge and expertise required by the industry, working with a customer satisfaction-oriented approach. Constantly updating its technological infrastructure and focusing on innovative solutions, the company remains committed to maintaining its leadership position in the industry. Çiftçiler Birlik Kağıtçılık A.Ş. also places great importance on sustainability principles. The company adopts environmentally friendly production techniques and uses recyclable materials, embracing a production philosophy that respects nature. By doing so, the company not only takes environmental and social responsibility seriously but also delivers the hygiene products of the future today.

patient relatives and to provide comfort and safe protection with their high usage comfort and high skin protection.

Its white exterior surface with Mavibeyaz logo has a cloth-similar structure. Thanks to this structure, it helps the skin to breathe. It helps to prevent the heat increase and sweat of the skin and accordingly, the skin irritation. It is an important assistant in protecting the skin health for the care of patients who use patient diapers particularly at nights and/or for long time. The blue layer (ADL- Acquisition Distribution Layer) that quickly distributes the liquid to lower layers accelerates the distribution of the liquid to lower layers in order to prevent the contact of the liquid with the skin. iellifu and absorb the liquid to prevent its rise to the surface again. While it ensures that the skin remains dru, it also helps to prevent the skin irritation. Thanks to its side bands that can be opened and closed again and again, it can be repeatedly opened and closed where necessary. While it provides a safe use with its liquid tight leg barriers that prevent leakage and its cloth structure, it provides also comfort with its skin-friendly dermatological structure.
